

# CG36

**MATERNAL  
QUALITIES**

**EASY TO  
MANAGE**

**FCR & CARCASS  
QUALITY**

➔ **CG36**, the perfect combination of maternal qualities and robustness, for a long and easy career. CG36 takes care of her piglets by raising them naturally. She produces pigs of the highest quality in terms of feed efficiency and carcass.

# CG36

## THE POWER OF MATERNAL INSTINCT

### MATERNAL QUALITIES

Piglet quality, average 1.4 kg at birth

16 teats on average

Excellent ability to wean heavy, homogeneous piglets

### EASY TO MANAGE

Calm & sociable

114-115 days gestation

Autonomous: rapid farrowing

Time-saving for teams

### FATTENING EFFICIENCY

Very good FCR<sup>(1)</sup>, ADG<sup>(2)</sup> and LMP<sup>(3)</sup> of offsprings

<sup>(1)</sup>Feed Conversion Ratio

<sup>(2)</sup>Average Daily Gain

<sup>(3)</sup>Lean Meat Percentage

### GREATER ROBUSTNESS

Strong legs

Potential for 6 litters and more

Voluntary culling
